

Accessories for your HC5500

Accessories for your HC5500

The RISO HC5500 FORCEJET™ printer brings professional full-color printing capabilities to any organization. With speeds up to 120 pages per minute (A4, landscape) and a running cost of as little as 3 cents a sheet, enhancing all your documents with color has never been more achievable. The HC5500 offers a series of optional accessories that further enhance the already exceptional capabilities of the printer.

HC Scanning System: The HC Scanning System brings you the flexibility to scan and print hard copy originals to the HC printer. The scanner boasts 600 x 600

dpi resolution and 8-bit color for incredible detail on scans up to 11.9" x 17". Scan copies in full color or monochrome for both single and double sided originals. The Scanning System includes a 100 sheet automatic document feeder. The touch panel interface allows users to select a host of features and settings for highest control over their printed output.

HC Output Options

The HC5500 offers users a choice of output options to best suit their needs. From the office environment to the production environment, customers can select from a simple drop tray to a full finishing system.

Auto-control stacking tray:

The auto-control stacking tray allows for straight stacking of both collated and non-collated sets. The auto-control stacking tray holds 1,000 sheets (46 g/m²). The side-guides of the tray automatically adjust to fit the size paper being printed. The patented "fingers" on the side-guides aids in the neat stacking of documents.

HC Auto Stacker: The HC Auto Stacker allows for both straight and off-set stacking of collated and non-collated sets. Ideal for an office environment, the HC Auto Stacker allows for convenient removal of printed output. Holds 1,000 sheets (44 lbs).

In-line Finisher: The HC Finisher (see photo above) brings versatile document finishing processes such as folding, stapling, hole punching, off-set stacking, and booklet making right in-line with the printing process. Now it is easier than ever to create and print professional applications such as newsletters, calendars, marketing materials, multi-page sets, directories and more, easily and in full-color.

Scanner specifications

image area	11.9375" x 17" (303 x 432 mm)
resolution	600 x 600 dpi resolution
speed	20 ppm for color and black and white
other	Automatic document size detection, 100 sheet duplex ADF (letter size)
image modes	Line, Photo, Duo

Auto-control stacking tray specifications

function	Auto stack guide control
paper size	3.9" x 5.8" to 13" x 17" (100 x 148 mm to 320 x 432 mm)*1
paper weight	12 lb bond to 110 lb index (46 to 210 GSM)
tray capacity	1000 sheets
weight	15 lbs (7 kg)

Auto stacker specifications

function	Offset output
paper size	3.9" x 5.8" to 12" x 17" (100 x 148 mm to 305 x 432 mm)*2
paper weight	12 lb bond to 110 lb index (46 to 210 GSM)
tray capacity	1000 sheets (A4R/A4/B5R/B5: 1,150 sheets; A3/B4: 500 sheets)*3

*1 When connecting the HC Auto Stacker, maximum print speed will be 115 ppm (for A4 size, long-edge feed, printing in standard mode)

*2 Paper that can be used for offset output: W 131 mm x L 148 mm to W 305 mm x L 432 mm

*3 For 85 GSM paper
